About me

I'm a passionate Laravel developer and team leader with solid experience in leading projects from initial concept to final deployment. I focus on clean, maintainable code and seamless team collaboration. While Laravel is my core strength, I also enjoy working with modern JavaScript frameworks like Vue.js and Nuxt.js. I value clear communication, honesty, and reliability. Outside of tech, I'm active in nature, sports, and time with friends and family.

Professional Experience

- Madelo — Laravel Developer

January 2023 – Present | Ostrava, Czechia

- Lead backend development and was product owner of multiple successful projects.
- Designed, developed, and tested robust APIs.
- Worked closely with frontend teams and designers to ensure seamless UI/API integration.
- Regularly communicated with clients to resolve issues and provide tailored solutions.

- Madelo — WordPress Developer

April 2022 – April 2023 | Žilina, Slovakia

- Delivered WordPress custom themes.
- Worked with ACF, WPML, Woocommerce...
- Developed custom plugins

- Freelance Developer — Self-Employed

Soft Skills

Leadership & Collaboration – Experienced in guiding teams, fostering collaboration, and driving projects to success.

Effective Project Management – Skilled at planning, organizing, and delivering projects efficiently.

Transparent Communication – Always open and honest— if I don't know something, I'll admit it but commit to finding the solution.

Lifelong Learner – Curious and proactive, turning unknowns into opportunities for growth.

Approachable & Relatable – A team player who enjoys bonding over a beer, workout, or hike—because great work starts with great relationships.
